

Sony VPL-EX430

SONY VPL-EX430

A brief introduction to the VPL-EX430: The Sony LCD projector offers 3200 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. Including an integrated media player with which files can be played directly. As the VPL-EX430 is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. An image width of up to 493 cm is possible as the projector has 3200 Ansi lumens. However, if room light is available, the picture should be a maximum of 329 cm wide. Playing 1080P is also no problem for the projector. This model is no longer offered by Sony.
