

Sony VPL SW630

SONY VPL SW630

With the VPL SW630, manufacturer Sony offers a short-throw LCD projector with WXGA 1280 x 800 resolution and a contrast of 3000:1. The integrated lens shift provides freedom when positioning the projector. With a projection ratio of just 0.27:1, this projector never gets in the way. For a 2m wide image, the projector needs to be just 54 cm away from the screen. As the VPL SW630 is equipped with a microphone jack and 16W speakers, no additional audio system is required for presentations or training courses. The model built in 2014 is no longer offered by Sony.
