

Sony VPL SX631

SONY VPL SX631

The Sony VPL SX631 short-throw LCD projector has 3300 Ansi lumens, a contrast of 3000:1 and an XGA 1024 x 768 resolution. The lamp life is up to 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. The integrated lens shift gives freedom when positioning the projector. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector needs to be just 54 cm away from the screen. The model offers a microphone jack plug and 16W speakers, so no additional audio equipment is required for presentations or training courses. The model built in 2016 is no longer offered by Sony.
