

Steinmann DV1

Brief Introduction

Beta 2.5

A brief introduction to the Steinmann DV1. The LCOS LED projector has an SVGA 800 x 600 resolution and a contrast of 500:1. The manufacturer Steinmann specifies a service life of 20000 hours, which converts to over 13.7 years at 4 hours per day. The projector can illuminate an image width of up to 67 cm well thanks to the 60 Ansi lumens. In room light, however, the picture width should ideally be less than 45 cm. The projector is no longer sold by the manufacturer.
