

Strong MIRA1

EAN/UPC:9120072379819

STRONG MIRA1

Brief Introduction

Beta 2.5

The Strong MIRA1 LED LCD projector has 300 ANSI lumens, a contrast ratio of 1500:1, and HDTV 1920 x 1080 resolution. Manufacturer Strong specifies a service life of 30,000 hours, which equates to over 20.5 years of enjoyment at four hours per day. The projector can illuminate a screen width of 176 cm. However, if there is ambient light in the room, the screen width should not exceed 117 cm. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Even 1080P and 4K (compressed) video signals are no problem for the projector.
