

Studio Experience Matinee 1HD

Brief Introduction

Beta 2.5

The Studio Experience Matinee 1HD home cinema LCD projector has 700 Ansi lumens, a contrast of 800:1 and a resolution. With the lens shift function, the projector can be positioned very freely. 700 Ansi lumens ensure that a picture width of 269 cm is also possible. However, if room light is available, the picture should be a maximum of 179 cm wide. With only 28 decibels of operating noise, the model is very quiet compared to others. The projector is no longer sold by the manufacturer.
