

ThundeaL RD850

THUNDEAL RD850

A brief introduction to the RD850: The ThundeaL micro-portable LED LCD projector offers 200 Ansi lumens, a contrast of 2000:1 and an HDTV 1280 x 720 resolution. Due to the LEDs, the projector is specified with 50000 hours of light life, which converts to over 34.2 years at 4 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. 200 Ansi lumens ensure that a picture width of 144 cm is also possible. However, if room light is available, the picture should be a maximum of 96 cm wide. The model recognizes screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Playing 1080P is also no problem for the projector.
