

TOPTRO A2

TOPTRO A2

The Micro-Portable A2 LED LCD Projector from TOPTRO has 1,400 ANSI lumens and an HDTV resolution of 1,920 x 1,080. It is an LED projector with a lamp life of 30,000 hours, which would amount to over 20.5 years of use based on 4 hours of daily viewing. The projector is equipped with a built-in media player, so playing files directly is no problem. The 1,400 ANSI lumens ensure that an image width of up to 326 cm is possible. However, if there is ambient light in the room, the image should be no wider than 217 cm. Since the projector supports AirPlay, Miracast, and screen mirroring, you can stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. The model is also compatible with Full HD 1080p and 4K (compressed).
