

TOPTRO X3

TOPTRO X3

The TOPTRO model X3 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 15000:1. The manufacturer specifies an LED service life of 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. As TOPTRO specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 243 cm is possible. In room light, however, the image should be smaller. We recommend max. 162 cm. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. The model is also compatible with Full HD 1080P and 4K (compressed).
