

TOPTRO X9 Pro

TOPTRO X9 PRO

The Standard Portable X9 Pro LED DLP projector from TOPTRO has 1,150 ANSI -lumen, a contrast ratio of 15,000:1 and an HDTV resolution of 1920 x 1080. It is an LED projector with a lamp life of 30,000 hours, which would equate to over 20.5 years based on 4 hours? viewing per day. Thanks to the horizontal and vertical keystone correction, the projector can be positioned with great flexibility. As TOPTRO specifies the projector?s brightness in lumens, we have calculated an approximate ANSI lumen value in this case. The projector will be able to illuminate a screen width of 352 cm effectively. However, if there is ambient light in the room, the image width should ideally not exceed 235 cm. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Another feature worth mentioning is that the projector?s Bluetooth function allows it to be connected to external wireless speakers. The model is also compatible with Full HD 1080p and 4K (compressed).

1 x DLP DMD Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector 1150 / 920 ISO Lumen
Screen 511 Lux (200 cm Screen width)
