EXTREME PORTABILITY

Dread lugging along that heavy and bulky projector for your next meeting? Fret not as Toshiba Portable LED Projector SDW30 is here to the rescue! Weighing in at just 1.2kg light, it runs on DLP technology and offers a superb brightness of 500 lumens that's perfect for a small meeting room. Thanks to LED technology, the SDW30 is lamp-free making bulb changes a thing of the past! Coupled with 20,000hrs light source life, incredibly low standby power and filter-free design means you are saving money and the environment at the same time.
