The standard portable performance V620 LED LCD projector from Vankyo has 240 Ansi lumens, a contrast of 5000:1 and an HDTV 1920 x 1080 resolution. The manufacturer Vankyo specifies a service life of 50,000 hours, which is 34.2 years if enjoyed for four hours a day. The projector can illuminate a picture width of up to 157 cm thanks to its 240 Ansi lumens. In room light, however, the picture width should ideally be less than 105 cm. Playing 1080P is also no problem for the projector. The model was built by Vankyo in 2019 and is no longer current.
