

Vankyo Performance V700G

VANKYO PERFORMANCE V700G

Manufacturer Vankyo offers the Performance V700G, an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 20000:1. The LEDs give the projector a light lifespan of up to 50,000 hours, which would be over 34.2 years with a daily viewing time of 4 hours. A picture width of up to 203 cm is possible. However, the picture should be smaller in room light. We recommend max. 135 cm. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. The model optionally recognizes Chromecast and screen mirroring signals, making it possible to play high-resolution videos with surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Another extra feature worth mentioning is the projectors Bluetooth connectivity, which allows it to be connected to external wireless speakers. Playing 1080P and 4K (compressed) is also no problem for the projector.

Brief Introduction

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

400

178 Lux (bei 200 cm Screen)
