

# VAVA 4K

VAVA 4K

The VAVA model 4K is a DLP laser projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 1500000:1. The laser gives it a lifespan of 25000 hours, which is over 17.1 years if enjoyed for four hours a day. As it is a short-throw projector, it can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 47 cm away from the screen. Furthermore, it is Full HD 1080P and 4K as well as 3D compatible, meaning that all Blu-ray formats currently available can be recognized by the projector.
