

Viewsonic LS751HD

VIEWSONIC LS751HD

A brief introduction to the LS751HD: The Viewsonic 3D laser DLP projector offers 5000 Ansi lumens, a contrast of 300000:1 and HDTV 1920 x 1080 resolution. The manufacturer Viewsonic specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The projector will be able to illuminate a picture width of 718 cm well. The projector can manage rooms with residual light with a smaller image width, we recommend a maximum of 479 cm here. Furthermore, it is Full HD 1080P and 4K (compressed) as well as 3D compatible, and therefore all currently available Blu-ray formats can be recognized by the projector.
