

Viewsonic M2W

VIEWSONIC M2W

The Viewsonic M2W LED DLP projector has 1700 Ansi lumens, a contrast of 3000000:1 and a WXGA 1280 x 800 resolution. The service life of the LEDs is 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The integrated media player allows files to be played directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 1700 Ansi lumens ensure that a picture width of 419 cm is also possible. However, if room light is available, the picture should be a maximum of 279 cm wide. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. It is also Full HD 1080P compatible. The projector is very quiet compared to others with 26 decibels of operating noise.

1 x DLP Chip
