

Viewsonic PJD2121

VIEWSONIC PJD2121

The PJD2121 BrilliantColor DLP has 400 Ansi lumens, a contrast of 1800:1 and an SVGA 800 x 600 resolution. The projector can illuminate a picture width of up to 174 cm well thanks to the 400 Ansi lumens. In room light, however, the image width should ideally be less than 116 cm. The projector was launched in 2009 and is no longer sold by the manufacturer, but is still very popular in our projector database. It should also be noted that there are unfortunately no longer any replacement lamps available for the projector, neither original nor replica.

Brief Introduction Beta 2.5

Display Type

1 x 0,55" DLP Chip
SVGA 4/3 Ti Digital Light Processing Chip

Ansi-Lumen

Projector 400

Screen 133 Lux (bei 200 cm Screen)
