Amazing color accuracy | Secure MHL/HDMI port |
Network capable | Smart design | Enhanced sound

Product Description

The ViewSonic® LightStream™ PJD6550LW WXGA projector features 3,300 lumens, WXGA 1280 x 800 native resolution, an intuitive, user-friendly design and a sleek white chassis. Exclusive SuperColor™ technology offers a wide color gamut for beautiful image production in nearly any environment, while SonicExpert™, ViewSonic's proprietary sound enhancement technology, powers a 10W speaker to deliver incredibly clear and audible sound. PortAll™—a hidden compartment with an integrated and secure MHL/HDMI port—lets you discretely stream multimedia content from a wireless dongle, or lets you connect to other devices via an HDMI cable. A cable management hood eliminates unsightly cable clutter, and a top lamp door enables easy access for lamp maintenance. With shorter throw ratio, 1.3x optical zoom, H/V keystone correction, corner adjustments, and extensive connectivity, the PJD6550LW provides for flexible and quick set-ups. The PJD6550LW is the ideal projector for both high definition presentations and vibrant multimedia entertainment
