

Viewsonic Pro8200

VIEWSONIC PRO8200

The Standard-Portabel Pro8200 3D BrilliantColor DLP has 2000 Ansi-Lumen, a contrast of 4000:1 and a HDTV 1920 x 1080 resolution. The model offers a microphone jack plug and 10W speakers, so no additional audio equipment is required for presentations or training courses. 454 cm image width, the projector will be able to illuminate well. If room light is available, however, the picture width should ideally not exceed 303 cm. Playing 1080P is also no problem for the projector. At just 29 decibels, the device is one of the quieter projectors. The model built in 2010 is no longer offered by Viewsonic, but is still a popular projector in our database.
