

VQP-9000L

DIGITAL PROJECTOR

Larger than life images - Project up to screens of 100"

With our digital LCD projector technology now you can enjoy life-size images on screen. Designed for both home and business use we've included all the connections you may need, such as HDMI, Component, VGA, and composite. Our VQP-9000L series projectors have been designed with elegant curves and a deep rich black or elegant ivory white.
