

Vivitek D6500

VIVITEK D6500

Brief Introduction

Beta 2.5

The Vivitek model D6500 is a DLP projector with XGA 1024 x 768 resolution and a contrast of 2500:1. The integrated lens shift gives freedom when positioning the projector. 6500 Ansi lumens ensure that a picture width of 702 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 468 cm. The projector was launched in 2009 and is no longer sold by the manufacturer.
