Operating Noise

The stationary H8030 BrilliantColor DLP projector from Vivitek has 1000 Ansi lumens, a contrast of 50000:1 and a HDTV 1920 x 1080 resolution. Including a lens shift function, which provides freedom during installation. 1000 Ansi lumens ensure that a picture width of 321 cm is also possible. However, if room light is available, the picture should be a maximum of 214 cm wide. The projector is very quiet compared to others with an operating noise of 30 decibels. It was launched in 2015 and is no longer offered by the manufacturer Vivitek.
