

WellSonic Mini Projector

WELLSONIC MINI PROJECTOR

The Mini Projector LED LCD has 200 ANSI lumens, a contrast ratio of 2000:1, and an HDTV 1280 x 720 resolution. The manufacturer specifies an LED service life of 30,000 hours, which equates to over 20.5 years of enjoyment at four hours per day. Since the projector has horizontal and vertical keystone correction, it can be set up with plenty of space in the room. An image width of up to 144 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 96 cm. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Furthermore, the projector can play 1080P without any problems.

Brief Introduction

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display
