

Wielio 20000 Lumen Mini Beamer

WIELIO 20000 LUMEN MINI BEAMER

Brief Introduction

Beta 2.5

The Wielio 20000 Lumen Mini Projector is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The LEDs give the projector a light lifespan of up to 30000 hours, which is the equivalent of over 20.5 years at 4 hours a day. Since Wielio indicates the brightness of the projector in lumens, we have calculated an approximate Ansi-Lumen value in this case. 1200 Ansi-Lumen ensure that an image width of 315 cm is also possible. However, if room light is present, the image should not exceed 210 cm in width. The projector has Airplay, Miracast Screen Mirroring support, which allows high-resolution video and surround sound to be played directly from smartphones, tablets and PCs running Android, Windows or iOS via Wi-Fi. As a further extra, the Bluetooth function allows the projector to be connected to external wireless speakers. The projector can also handle 1080P video signals with ease.
