

Wimius P62 Pro

WIMIUS P62 PRO

The P62 Pro at a glance: The Wimius LED LCD projector offers 1000 ANSI lumens, a contrast ratio of 25000:1, and HDTV 1920 x 1080 resolution. It is an LED projector with a light life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. The projector is equipped with an integrated media player, so playing files directly will not be a problem. A built-in horizontal and vertical keystone correction provides freedom when setting up the projector. An image width of up to 321 cm is possible, as the projector has 1000 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 214 cm wide. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
