

Wolf Cinema SDC-12 (Graywolf 4K)

WOLF CINEMA SDC-12 (GRAYWOLF 4K)

Brief Introduction

Beta 2.5

With the SDC-12 (Graywolf 4K), manufacturer Wolf Cinema offers a DILA projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 130000:1. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years if enjoyed for two hours a day. With the lens shift function, the projector can be positioned very freely. 1200 Ansi lumens ensure that a picture width of 352 cm is also possible. However, if room light is available, the picture should be a maximum of 235 cm wide. The model is also compatible with Full HD 1080P and 4K as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector. On the market since 2013, the model is no longer offered by the manufacturer Wolf Cinema.
