

XIWBSY T07 Pro

XIWBSY T07 PRO

The XIWBSY T07 Pro Standard Portable LED LCD Projector has 1,500 ANSI lumens, a contrast ratio of 22,000:1, and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a light source lifespan of up to 30,000 hours, which would amount to over 20.5 years based on 4 hours of daily use. Built-in horizontal and vertical keystone correction provides flexibility when setting up the projector. The 1,500 ANSI lumens ensure that an image width of up to 393 cm is possible. However, if there is ambient light in the room, the image should be no wider than 262 cm. Thanks to Google TV, the projector can be conveniently controlled via voice commands. The model supports Chromecast, AirPlay, and Miracast screen mirroring, making it possible to stream high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another notable feature is that the projector's Bluetooth function allows it to connect to external wireless speakers. The model is also compatible with Full HD 1080p and 4K (compressed). Even ceiling projection is possible thanks to the 360° projection capability.
