The X1 Pro LED LCD has 300 ANSI lumens, a contrast ratio of 1000:1, and an HDTV resolution of 1920 x 1080. It is an LED projector with a 30,000-hour lamp life, which equates to over 20.5 years at 4 hours of use per day. Built-in horizontal and vertical keystone correction provides flexibility when setting up the projector. An image width of up to 174 cm is possible. However, in bright room conditions, the image should be set to a smaller size. We recommend a maximum of 116 cm. The model supports DLNA, AirPlay, and Miracast screen mirroring signals, making it possible to stream high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android,
