

XuanPad X3

XUANPAD X3

The XuanPad X3 Portable LED LCD Projector has 250 ANSI lumens, a contrast ratio of 18000:1, and HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is over 20.5 years when used for four hours a day. Includes an integrated media player that allows files to be played directly. The horizontal and vertical keystone correction allows the projector to be positioned very freely. The projector can illuminate images up to 161 cm wide thanks to its 250 ANSI lumens. However, in room lighting, the image width should ideally be less than 107 cm. The projector has Airplay and Miracast screen mirroring support, which allows you to play high-resolution videos and surround sound from smartphones, tablets, and PCs with Android, Windows, or iOS directly via Wi-Fi. In addition, the Bluetooth function allows the projector to be flexibly paired with other speakers. Furthermore, the projector can play 1080P without any problems. At just 25 decibels, the device is one of the quieter projectors available.
