Operating Noise

The E1 LED LCD projector from Yaber has 380 Ansi lumens and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 20000 hours, which converts to over 13.7 years at 4 hours per day. The projector can illuminate a picture width of up to 198 cm thanks to its 380 Ansi lumens. In room light, however, the picture width should ideally be less than 132 cm. 1080P playback is also no problem for the projector.
