A brief introduction to the Pro V7: The Yaber standard portable LED LCD projector offers 570 Ansi lumens, a contrast of 12000:1 and an HDTV 1920 x 1080 resolution. Due to the LEDs, the projector is specified with 100000 hours of light life, which is equivalent to over 68.5 years at 4 hours per day. Due to the brightness of 570 Ansi lumens, a picture width of 243 cm is possible. In room light, the picture should be max. 162 cm wide. As the projector recognizes screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. The model is also Full HD 1080P compatible. The model built in 2022 is no longer offered by Yaber.
