

Yaber Y21

YABER Y21

Brief Introduction

Beta 2.5

The Y21 LED LCD projector from Yaber has 468 Ansi-Lumen, a contrast of 8000:1 and an HDTV 1920 x 1080 resolution. Due to the LEDs, the projector is specified with 100000 hours of light life, which is over 68.5 years with a daily viewing time of 4 hours. The horizontal and vertical keystone correction allows the projector to be positioned very freely. As Yaber specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 468 Ansi lumens ensure that a picture width of 220 cm is also possible. However, if room light is available, the picture should be max. 147 cm wide. The model is also Full HD 1080P compatible. The model built in 2021 is no longer offered by Yaber.

- 1 x LCD TFT Panel
- HDTV 16/9 Liquid Crystal Display
