The standard portable Y31 LED LCD projector from Yaber has 480 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The service life of the LEDs is 90000 hours, which is over 61.6 years if enjoyed for four hours a day. The horizontal and vertical keystone correction provides leeway when setting up. As Yaber specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 480 Ansi lumens, a picture width of 223 cm is possible. In room light, the picture should be max. 149 cm wide. The projector can also play 1080P without any problems. The projector was launched in 2021 and is no longer sold by the manufacturer.
