

YOWHICK DP03

YOWHICK DP03

A brief introduction to the DP03: The YOWHICK LED LCD projector offers 720 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV 1920 x 1080 resolution. The LEDs give the projector a lifespan of 80,000 hours of light, which is over 54.8 years of four hours of enjoyment every day. The integrated media player allows you to play files directly. The horizontal and vertical keystone correction allows for flexibility when setting up. Since YOWHICK indicates the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 720 Ansi lumens ensure that an image width of 273 cm is also possible. However, if room light is present, the image should not be more than 182 cm wide. Since the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Playing 1080P and 4K (compressed) is also no problem for the projector. At just 25 decibels, the model is already very quiet compared to others.

Brief Introduction Beta 2.5

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

720 / 12000 Lumen

320 Lux (bei 200 cm Screen)
