ZDK AE212B

EAN/UPC:B0H94SLHXP

Brief Introduction Beta 2.5	The AE212B 3D LED LCD projector from ZDK has 250 ANSI lumens, a contrast ratio of 2,000:1, and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours per day. Horizontal and vertical keystone correction ensures effortless image setup. The projector can effectively illuminate an image width of 249 cm. However, if there is ambient light in the room, the image width should ideally not exceed 166 cm. Since the projector supports AirPlay, Miracast, and screen mirroring, you can stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. The model is also compatible with Full HD 1080p, 4K (compressed), and 3D, meaning the projector can recognize all currently available Blu-ray formats. With an operating noise level of just 30 decibels, this model is very quiet compared to others.
Display Type	1 x 2,69" LCD Panel HDTV 16/9 Liquid Crystal Display
