

Zoomcat C12H

ZOOMCAT C12H

Brief Introduction

Beta 2.5

The Zoomcat C12H is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 20000:1. It is an LED projector with a 30000-hour light lifespan, which is over 20.5 years at four hours of enjoyment per day. A picture width of up to 227 cm is possible because the projector has 500 ANSI lumens. However, if room light is present, the image should not be wider than 151 cm. Since the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra to be mentioned is that the projector can be connected to external wireless speakers via Bluetooth. Furthermore, it is Full HD 1080P and 4K (compressed) compatible.
